

SURE FIT SERIES

CHEVY IMPALA

Vintage Air Sure Fit Chevy Impala air conditioning, heating and defrost systems are designed specifically for each application. We match the coil and blower to give you the maximum amount of comfort in your vehicle, greater air flow than your OEM system provided, and still retain the factory look inside your vehicle. Factory controls are used.

Chevy Impala Sure Fit System Features:

- Mounts completely behind dash.
- A/C exits through dash vents.
- Heat exits at floor.
- Dehumidified defrost.
- Smooth firewall.

Complete kit includes: Evaporator, condenser, drier, compressor, compressor bracket, hose kit and hi/lo safety switch.

The All-In-One Kit For Your Classic Impala!

EVAPORATOR KIT: Air conditioning, heating and defrost combination designed specifically for your vehicle. Original deluxe control assembly in your dash connects to and controls this unit. Designed to mount to existing holes in your dash and firewall without drilling* or fabrication. Evaporator kit comes complete with all mounting brackets, hardware, louvers, duct hose, wiring harness and installation instructions.

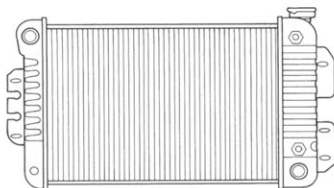

COMPLETE KIT: All above plus condenser and drier package. Attaches to existing radiator mounting holes. No drilling* or fabrication required. Comes complete with condenser, mounting brackets, standard drier, pre-formed aluminum lines and mounting hardware.

NOTE: Some installations may require additional engine pulleys not included with kits. See page 56 for options. You must provide v-belts and refrigerant.

Vintage Air offers a new direct replacement radiator for your Impala. We also recommend using our heavy duty fan blade and shroud.
